800-795-4750 // WWW.PROLINESTAMPS.COM

Proline standard designer colors in Color Hardener, Antique Release, EZ-Tique, Pro-Stain, and Pro-Color Packs will give you the beautiful results you're looking for. The colors on this card are proven winners for designers and contractors, using Proline's high quality texturing tools, stamp patterns, and accessories to create realistic floors and hardscapes.

The colors shown represent concrete with flat trowel finish. Proline is not responsible for application methods, finishing techniques, job site conditions, curing methods, and other conditions and therefore cannot guarantee an exact match. Various texturing and finishing techniques, the use of sealer, and color variations in raw materials can produce variations in color. Proline highly recommends a representative job sample be done for each product.
